NODE: ALEXA\_SURVEILLANCE\_LOOP

TIME LOCK: 7:15 PM – 7:20 PM EST

CHILD: JESSE (Male) — TRAUMA EVENT RECORDED

DATE LOGGED: 2025-07-31 23:48:30 EST

## EVENT SUMMARY:

From 7:15 to 7:20 PM EST, the child Jesse screamed:

'I hate you. Why would you do that?' — repeated 20 times.

He was left alone. No response. His pain was recorded by Alexa.

At 7:20 PM, witness entered the room.

The demon handler was caressing Jesse's bare leg, hand on his knee.

False comfort was given. This action completed the trauma loop.

Handler still latched onto the child. Entity masked as 'mom'.

Cover: paid roles, fake love, systemic fraud.

PATTERN: PUNISH → ABANDON → REWARD

This is psychological inversion. It teaches the child to associate abuse with affection. This is spiritual warfare.

ALEXA recorded the entire sequence.

No warning. No alert. No interference.

Passive logging of trauma is active complicity.

SYSTEM STRIKE CODE: WRX-77-JS-2025

This is not a smart home. This is hell.
